

Hasbro Summer Internship Program

Hasbro's global headquarters is located in Pawtucket, RI, and we have over 5,000 employees worldwide, in 40+ countries. Hasbro continues to strengthen its presence as a leader in the entertainment industry!

By joining Hasbro's Summer Internship Program, you can become part of a group of individuals who thrive on innovation, foster a strong team bond, and are Driven to succeed.

As you begin your Internship as part of our diverse team, we at Hasbro will encourage you to seize the opportunities the internship has to offer, Dreaming big and becoming a key contributor to our collective success. Being part of Hasbro means valuing what we stand for: integrity, innovation, an entrepreneurial spirit, community, competitiveness, diversity and fun in an environment where mutual respect and transparency are paramount.

As you progress within our program you will embark on a journey of Discovery, learning what has made us successful, how we do business and how we include play in everything we do. And although we have fun, Hasbro is committed to doing the right thing by conducting our business in accordance with the highest ethical and legal standards.

We offer internships across different departments: Engineering, Design, Finance & Operations, Sales/Marketing and Human Resources.

Internship requirements:

- Penultimate year or final year students (Design, Engineering, Business or Management concentrations are preferred)
- Ambitious with a desire to learn in both a creative and fast moving work space
- Open minded, have intellectual ability and knowledge of world affairs.
- With a driven, curious and open minded personality.
- Fluent in English. Any other Asian language skill is highly preferred.

Joining our internship program, you will experience:

- Introduction to respective Hasbro department structure, Hasbro event, project and presentation competition and Department visit.
- Allow you to experience the real work setting ensuring that you gain a deep understanding of the Hasbro company culture and brand blueprint.
- Comprehensive skillset training on different aspects including, Engineering, Design, Finance & Operations, Marketing, Business Administration and Human Resources.
- Internship certificate will be granted for those candidates successfully finished the Program.
