

Founded in 1994, Infrasy has been providing the enterprise solution to the hospitality market for more than 20 years. Infrasy is a fully owned subsidiary of Beijing Shiji Information Technology Co. Ltd. (which is listed in Shenzhen Stock Exchange: No. 2153)

Now, Infrasy is one of the most important solution provider in the Asia Pacific region. The Infrasy customers are located in all countries in the region, and also in overseas countries such as: North and South America, Europe, Africa and Australia. To cope with the worldwide customer development, Infrasy has offices in Hong Kong, Singapore, Malaysia, Beijing, Shanghai, Guangzhou, Shenzhen; and the dealers' network in other countries.

Infrasy is very focused and specialized in the hospitality solution. We provide a wide range of products, which includes the POS, Table Reservation, Mobile Ordering, Electronic Menu, Customer Loyalty, Centralized Headquarter Management, Reporting and Payment, to assist the F&B business partners in various operation need.

Our products are award-winning, and designed for different categories of usages, such as Hotels, Clubs, Theme Parks, Restaurant Groups, Food Courts, and even simple single store. In large scale projects and installations, the Infrasy products are certified compatible with other industry bench-marked systems.

Infrasy's core value is the people. The company keeps on to put resource in strengthening our people skills and service quality. We are working year after year to make our products and service more competitive. This eventually brings more value to our business partners.
