

M800 Limited

M800 Limited is a well-established international hub of business communications. Delivering innovative telecommunications and mobile commerce solutions over a reliable global infrastructure, we focus on helping our industry partners and enterprise customers grow without limits.

Serving the world from Hong Kong, M800 has strengths in voice communications and exchange, innovative international toll-free services, and mobile value-added services. We offer groundbreaking solutions based on pioneering in-house technologies and long-term partnerships.

To cope with our demanding business, we are inviting high caliber talents to join our team.
