### Introducing MaplesFS

MaplesFS, through its divisions Maples Fiduciary, Maples Fund Services and Maples Private Client Services, is an independent global provider of specialised fiduciary, fund administration, entity formation and management, insurance management and trust and private client services. With offices in key locations around the world, its clients include global financial institutions, institutional investors, investment managers and international corporations.

We work closely with our affiliate Maples and Calder, in addition to other leading international and domestic law firms, audit firms and other consultants and service providers. Combined with a wide range of expertise in law, accounting, investment management, banking, corporate finance, risk management, management consultancy, trust and private client services and fund administration, MaplesFS is able to offer professional and comprehensive services that are tailored to client requirements.

#### Maples Fiduciary

Maples Fiduciary is a market leader in the provision of fiduciary services including independent directors, managing member, general partner and trustee services to investment funds, partnerships, private companies and structured finance vehicles established in the Americas, Europe, Asia and the Middle East.

Maples Fiduciary has the expertise necessary to ensure that client companies comply with all relevant legal and regulatory requirements and that the necessary standards of corporate governance are adhered to.

We have built our service offering around the needs of the client companies that we serve and provide a range of complementary service lines that support our core platform including voluntary liquidation services, the preparation of accounts, affiliated trade review, company secretarial services and acting as proxy agent.

### Maples Fund Services

Maples Fund Services is a leading independent global fund services provider operating in key onshore and offshore financial centres across the Americas, Europe, Asia and the Middle East.

Maples Fund Services offers a wide range of services, including accounting, middle office, risk reporting and administration, to onshore and offshore hedge funds, fund of funds, private equity and real estate funds, family offices and managed account platforms. Its clients include investment management firms, institutional investors, pension plans and global financial institutions.

Maples Fund Services' expert teams and innovative technology provide clients with high quality service, consistent and timely reporting and adaptable solutions to address their ever-changing needs.

#### Maples Private Client Services

Maples Private Client Services is a leading provider of private client and trustee services to high and ultra-high net worth clients. Working within key jurisdictions, Maples Private Client Services offers traditional trustee services, STAR trusts, family investment funds, limited partnerships, and the management and administration of private trust companies. Maples Private Client Services delivers customised solutions that address any special requirements, unusual assets or bespoke circumstances to meet the needs of its private clients.
