About Us

Teach Unlimited Foundation (TUF) is a non-profit organization founded in April 2011 by a group of local parents concerned about the quality of education for socially disadvantaged students in Hong Kong.

TUF aims to provide customized support to these students by means of mentorship and additional learning support systems in schools, delivered through selected high-caliber university graduates trained and coached by TUF.

Our Vision

Every youth has a dream and can learn to realise it.

Our Mission

- To support the education and personal development of socially disadvantaged students through enhancing their self-esteem, learning attitude and motivation.
- To develop high-caliber, socially conscious and passionate university graduates as role models and future leaders to advance the cause of quality education for all.
- To model an effective way on mentorship and promote its integration into youth education in Hong Kong.

Our Work

We Mentor Students

We mentor socially disadvantaged students to aspire to a better future through raising their self-esteem, learning attitude and motivation.

We Develop Leaders

We develop university graduates to be young leaders. The skills, insights and perspectives learnt will serve them throughout their careers and in their continual contribution to society.

We Inspire Communities

We inspire Partner Schools and other walks of the society to serve and bring positive motivation to others.

Our Approach

We support socially disadvantaged students by recruiting and training university graduates as their mentors and role models. As Program Mentors, these graduates are placed in our Partner Schools - for two years, full-time - where they work daily with students and closely collaborate with school teachers to provide mentorship and education support.

We maintain a proprietary online tracking system to assess the students' performance and measure the change in their self-esteem, learning attitude and motivation.

Integral in our collaboration with Partner Schools is the serious commitment on sustainability. TUF models the way to implement and prove the impact of the program, we then support Partner Schools using their own resources to sustain the program and its proven success factors.

同心同步同進 RIDING HIGH TOGETHER

Jockey Club Teach Unlimited “Walk with Youth” Mentorship Programme (the “Programme”) is a school-based mentorship programme in five schools over three years starting August 2017. The Programme not only supports the continuation and enhancement of our established and proven model at schools but also allows us to research and pilot new programmes, including new mentorship and education models such as e-Mentoring at Partner Schools.

This Programme is our first project supported by The Hong Kong Jockey Club Charities Trust. It is expected that the Programme will benefit over 6,000 students with positive impact on their learning attitude, motivation, and self-esteem, a lifetime. For academic year 2017-18, the three Partner Schools under the Programme are:

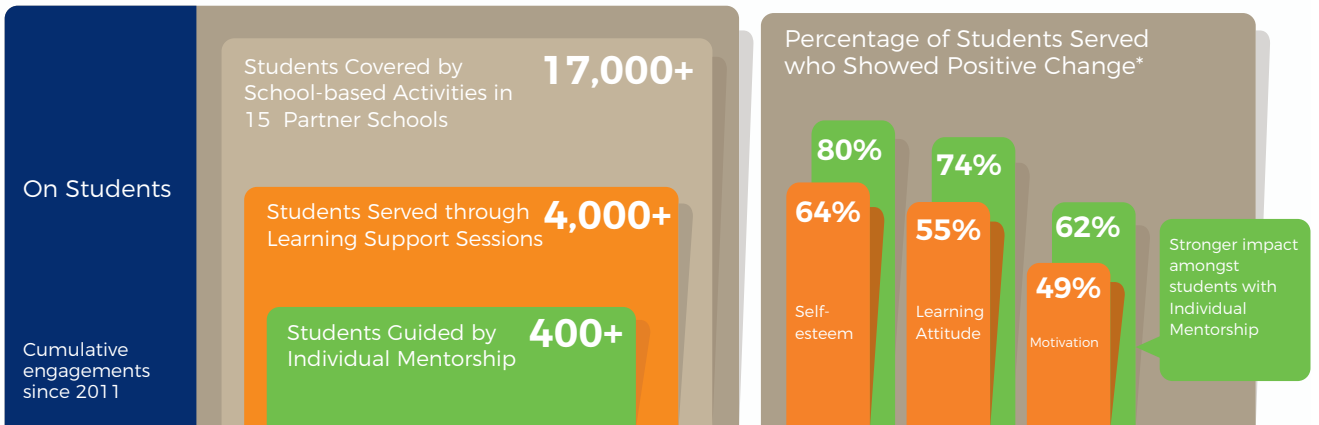

1. Tack Ching Girls' Secondary School
2. TWGHs Kwok Yat Wai College
3. TWGHs Yau Tze Tin Memorial College

In addition to supporting our work, the Trust's funding enables us to develop better metrics on evaluating our programme's effectiveness and further enhance our sustainability at the schools, building on our past track records on both. As our Partner Schools have committed to sustaining TUF programmes, our work's impact will multiply and benefit more students for years to come.

OUR IMPACTS

Since 2011, TUF has been bringing positive changes to youths in Hong Kong. As of September 2017, our accumulated impact is as follows:
