Teach Unlimited Foundation is a registered tax-exempt charity under Section 88 of the Inland Revenue Ordinance (Cap 112) in Hong Kong.
How Does it Work?

The service is delivered through selected high caliber university graduates - developed and coached by TUF as **Program Mentors within a 2-year Leadership Development Program**. Being trained as change agents, they contribute actively as frontline partners in the process of advancing educational opportunities of socially disadvantaged students in our partnered schools. Mentors directly involve in students’ learning and personal growth. Through their mentorship and providing customized, non-conventional, inspiring learning experiences, they enhance across-the-board learning attitudes, motivation and self-esteem of students.

**TUF Mentoring Framework**

Through building a purposeful, non-judgemental and trusting relationship within a structural mentorship framework, the role and intent of Program Mentors is to build capabilities of students; nurturing sustainability of long-term personal growth and development. We can see how young people respond readily and constructively to guidance and support through mentorship. They also look up to Program Mentors as role models and try to emulate; making them effective change agents to instil positive values in young people and help them aspire to a better future.

“**They are no longer afraid and I think the small group helps the mentoring, teaching them not to be afraid… they (Program Mentors) kept telling them not to worry. It’s okay to make mistakes and keep trying!”**

English teacher, Caritas Yuen Long Chan Chun Ha Secondary School

“**Every Youth has a dream and can learn to realize it.”**
