

## Wing Tai Profile

Wing Tai Properties Limited ("Wing Tai") has been listed in Hong Kong since 1991. Our diversified property portfolio comprises quality residential, commercial, industrial, serviced apartments and boutique hotel projects. The Group believes in the long term growth of Asia; and has continued to generate strong and consistent returns to our investors. Our position as a premium developer continues to strengthen as we build on our experience in our on-going expansion. We have successfully demonstrated our ingenuity and creativity in every new project. Each new project pushes us to new heights.

Our two brands: Wing Tai Asia and Lanson Place, are built on the same principle in our continual pursuit of excellence and creativity. Today, these brands define their own standards in property design and construction and in Asian hospitality and service. We build homes exuding a distinct style and elegance, which people are proud to live in.
