## Mission

Be a leader in innovation & development for wireless and information communications systems. Strive to supply customers with superior total wireless solutions and services.

---

## Brand Values

Professionalism, Integrity, Innovative, Reliability

---

## Product Portfolio

Comba's product portfolio includes wireless enhancement, antennas and subsystems, wireless transmission, wireless broadband and wireless access equipment. Comba's services range includes consultation, network design, optimization and commissioning. Together, this enables Comba to supply its customers with end-to-end wireless solutions that has been deployed all over the globe including shopping malls, airports, sports stadiums, government buildings and telecom operator headquarters.

In addition to its core business of supplying operators and industries with ubiquitous, high capacity wireless networks, Comba is constantly reinventing itself and bringing new value-added solutions for the smart city and IoT era amongst others.
