

East Asia Sentinel Limited

East Asia Sentinel Limited, Certified Public Accountants (“EASL”) was established in 1998 with the merger of James Lew & Co (founded in 1973) and Jeremy M. Barr & Co. (founded in 1975). For more than 40 years, our firm, through its founders, has been committed to providing professional advisory and accounting services to local and international clients. EASL currently has over 30 staff in Hong Kong of which around 10 staff has Hong Kong Institute of Certified Public Accountants (“HKICPA”) qualification or equivalent.

EASL is also registered with the Public Company Accounting Oversight Board (“PCAOB”) which was created by Sarbanes-Oxley Act, to oversee the auditors of public companies in order to protect the interest of investors and further the public interest in the preparation of informative, fair and independent audit reports.

Over its history, EASL has built up a clientele spreading over wide variety of industries, including license corporations registered with the Securities and Future Commission (“SFC”), private and hedge funds registered with Cayman Islands Monetary Authority (“CIMA”), incorporated owners (“I.O.”), non-governmental organizations (“N.G.O.”), companies listed on the main board of Stock Exchange in Hong Kong and companies of groups listed overseas.

Our Services:

- Statutory financial audits
- Reporting accountants
- Mergers and acquisitions audit
- Agreed-Upon Procedures
- Internal control evaluation
- Review and compilation of financial statements

How we can help

With our solid experience and wide networks in professionals, our qualified team works cooperatively with our clients and supports them with our knowledge and expertise. We aim to address our clients’ issues while conforming to the highest international standards in all our services.

Why EASL

We understand each financial audit is unique. EASL therefore offers customized, comprehensive and effective solutions so as to ensure all our valuable clients receive the best service along with qualitative technical expertise. Clients will not only receive trustworthy financial information, but will get valuable advice and insight to help manage risks effectively and make strategic decisions for their business.
