

TFI Digital Media Limited (TFI) is a leading one-stop video solutions provider based in Hong Kong, with global footprints. While TFI stands for Technology, Fun and Innovation, TFI's vision is to "Bring Culture, Content & People Together." We employ state-of-the-art video streaming technology to bring content to every corner in the world smoothly and ubiquitously.

TFI focuses on research and application development of different video-related technologies such as video encoding, live streaming, and Over-The-Top (OTT) Platform for all internet connected devices.
