About Us

Teach Unlimited Foundation (TUF) is a non-profit organization founded in April 2011 by a group of local parents concerned about the quality of education for socially and financially disadvantaged students in Hong Kong.

TUF aims at providing customized support to these students by means of mentorship and additional learning support systems in schools, delivered through high-caliber university graduates trained and coached by TUF.

Our Vision

Every youth has a dream and can learn to realise it.

Our Mission

- To support the education and personal development of socially and financially disadvantaged students through enhancing their self-esteem, learning attitude and motivation.
- To develop high-caliber, socially conscious and passionate university graduates as role models and future leaders to advance the cause of quality education for all.
- To model an effective way on mentorship and promote its integration into youth education in Hong Kong.

Our Work

We Mentor Students

We mentor socially and financially disadvantaged students to aspire to a better future through raising their self-esteem, learning attitude and motivation.

We Develop Leaders

We develop university graduates to be young leaders. The skills, insights and perspectives learnt will serve them throughout their careers and in their continual contribution to society.

We Inspire Communities

We inspire Partner Schools and other walks of the society to serve and bring positive motivation to others.

Our Approach

We support socially and financially disadvantaged students by recruiting and training university graduates as their mentors and role models. As Program Mentors, these graduates are placed in our Partner Schools - for two years, full-time - where they work daily with students and closely collaborate with school teachers to provide mentorship and education support.

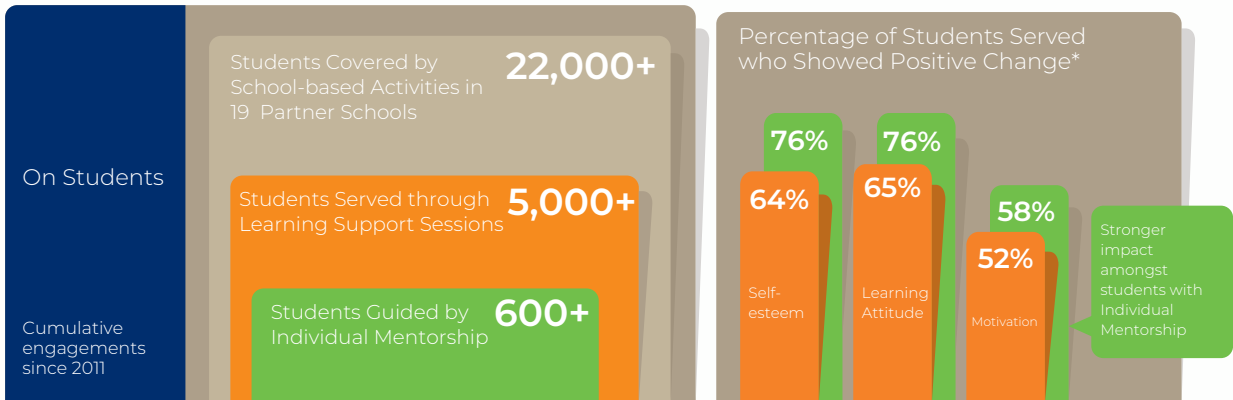

We develop and maintain a proprietary online tracking system to assess students' performance and measure the change in their self-esteem, learning attitude and motivation.

Integral in our collaboration with Partner Schools is the serious commitment on sustainability. TUF models the way to implement and strengthen the impact of the program. We then support Partner Schools to use their own resources and our successful experience to sustain the program.

OUR IMPACTS

Since 2011, TUF has been bringing positive changes to youths in Hong Kong. As of September 2018, our accumulated impact is as follows:

* Tracking data from 9/2013 to 7/2018

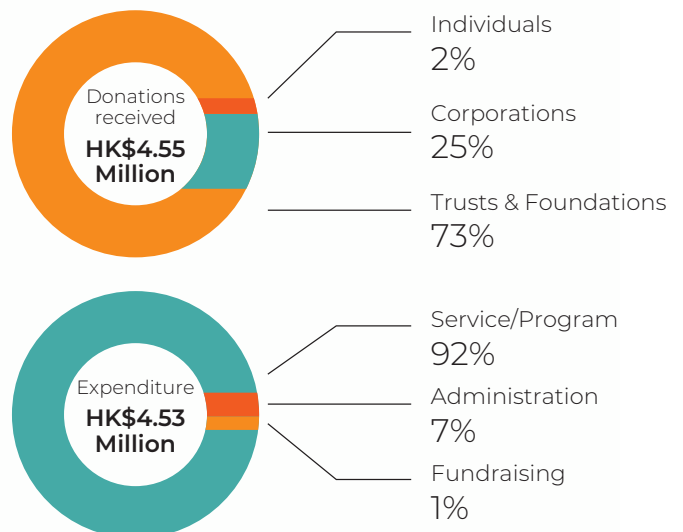

OUR FINANCIALS

TUF was founded with a seed operating fund donated by its Board of Directors. Additional funding has been sought through continuous fundraising appeals to individuals, corporate donors and private foundations.

For the fiscal year ending 31 July 2018, the income and expenses of TUF were recorded as HK\$4.55 million and HK\$4.53 million respectively.

We strive to keep our administrative expense at a low percentage of our annual budget with over 90% of our funds being used for direct services.

Jockey Club Teach Unlimited “Walk with Youth” Mentorship Programme

Funded By:  香港賽馬會慈善信託基金
The Hong Kong Jockey Club Charities Trust
同心 同歩 同進 RIDING HIGH TOGETHER

Jockey Club Teach Unlimited “Walk with Youth” Mentorship Programme (the “Programme”) is a school-based mentorship programme in five schools over three years starting from August 2017. The Programme not only supports the continuation and enhancement of our established and proven model at schools but also allows us to research and pilot new programmes, including new mentorship and education models such as e-Mentoring in our Partner Schools.

This Programme is our first project supported by The Hong Kong Jockey Club Charities Trust. It is expected that the Programme will benefit over 6,000 students with positive impact on their learning attitude, motivation, and self-esteem, for a lifetime.

The five Partner Schools under the Programme are:

- academic year 2017-18 -

1. Tack Ching Girls' Secondary School
2. TWGHs Kwok Yat Wai College
3. TWGHs Yau Tze Tin Memorial College

- academic year 2018-20 -

4. De La Salle Secondary School, N.T.
5. Lions College

In addition to supporting our work, the Trust’s funding enables us to develop better metrics on evaluating our programme’s effectiveness and further enhance its sustainability in the schools, building on our past track records on both. As our Partner Schools have committed to sustain TUF programmes, our work’s impact will multiply and benefit more students for years to come.

Support Us

The work of TUF is about transforming socially and financially disadvantaged youths to break the vicious cycle of poverty. We have piloted a unique service in Hong Kong, but we need the support from individuals and corporations with shared vision and passion to join us in expanding our service to more youths in need. If you are interested to learn more, to support our work or to make a donation, please contact us directly. You can also visit our website for more information.

We look forward to collaborating with you to ignite the potential of the youths in Hong Kong.
