

AppTask is a leading international mobile enterprise solutions powerhouse established in 2010, proudly based in Hong Kong, and with regional offices in Shanghai and Singapore. We help local and multinational corporations and organizations turn ideas into reality through cutting-edge mobile technology and has launched over 500 mobile apps worldwide.

Besides tailored solutions, we also carry our won award-winning products such as TeamNote, Evention, MPub, Glance, etc. which have gained high recognition in the industry with proven success.

TeamNote, in particular, the flagship product has been continuously recognized by the market as well as local and international awards and contests since its launch, including APICTA, Asia Smartphone App Contest, Red Herring and ICT Awards. Also, it was featured on Wall Street Journal, TechCrunch, Tech in Asia, and 36Kr as one of the most promising startups in Asia. In 2015, TeamNote was backed by renowned Silicon Valley's VC Y Combinator and officially launched globally in San Francisco.
