

## Management Trainee Program

### Program Objective

- This is a 24-month program which is designed to develop talented university graduates with high potential to become the future business leaders of Hysan.

### Program Details

- The trainee will start with a familiarization program with different functions to get good knowledge of the business and operations of Hysan.
- After the familiarization program, the trainee will be assigned on-the-job experience at the designated business function based on the trainee's background, qualifications and job interest.
- Our major business functions include Retail, Office, Residential, Marketing, Projects, Property Management, Finance and Information Technology.

The ideal candidate must exhibit the following traits and skills:

- Strong interest to develop his/her career in property development industry
- Good analytical and problem solving skills
- Pro-active, strong sense of responsibility and able to embrace new challenges
- Good leadership and interpersonal skill, able to build partnership with both internal and external stakeholders
- Proficient in both spoken and written English and Chinese.

Applicants, please **indicate your interested business function** in your application for our reference.
