

Igniting the Potential in Hong Kong's Youth

An Introduction to Teach Unlimited Foundation

About Us

Teach Unlimited Foundation (TUF) is a non-profit organization founded in April 2011 by a group of local parents concerned about the quality of education for socially disadvantaged students in Hong Kong.

TUF aims to provide customized support to these students by means of mentorship and additional learning support systems in schools, delivered through selected high-caliber university graduates trained and coached by TUF.

Our Work

We Mentor Students

We mentor socially disadvantaged students to aspire to a better future through raising their self-esteem, learning attitude and motivation.

We Develop Leaders

We develop university graduates to be young leaders. The skills, insights and perspectives learnt will serve them throughout their careers and in their continual contribution to society.

We Inspire Communities

We inspire Partner Schools and other walks of the society to serve and bring positive motivation to others.

Our Vision

Every youth has a dream and can learn to realise it.

Our Mission

- To support the education and personal development of socially disadvantaged students through enhancing their self-esteem, learning attitude and motivation.
- To develop high-caliber, socially conscious and passionate university graduates as role models and future leaders to advance the cause of quality education for all.
- To model an effective way on mentorship and promote its integration into youth education in Hong Kong.

Our Approach

We support socially disadvantaged students by recruiting and training university graduates as their mentors and role models. As Program Mentors, these graduates are placed in our Partner Schools - for two years, full-time - where they work daily with students and closely collaborate with school teachers to provide mentorship and education support.

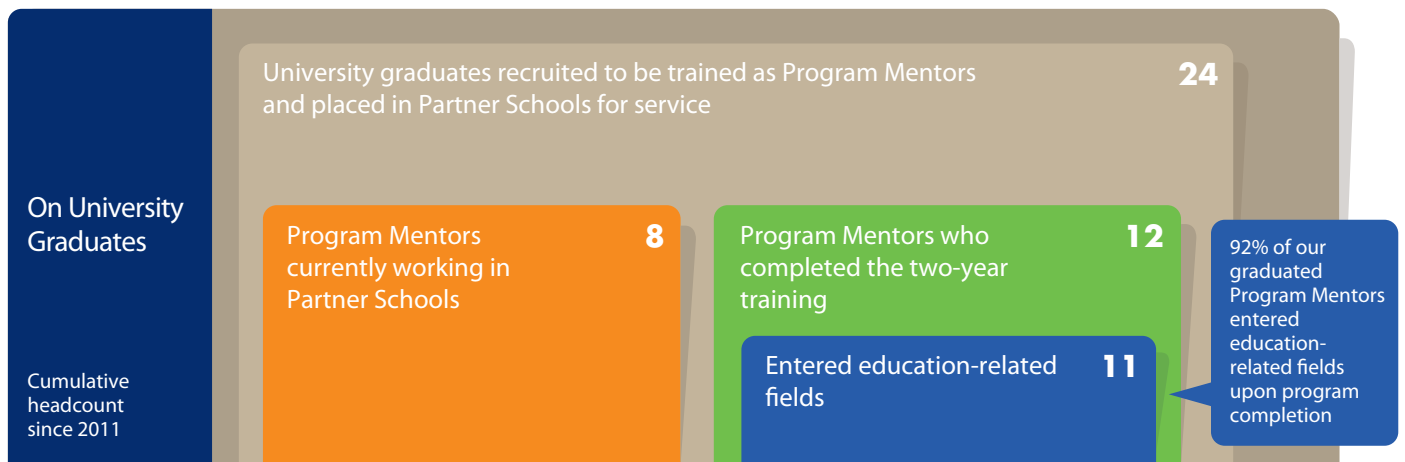

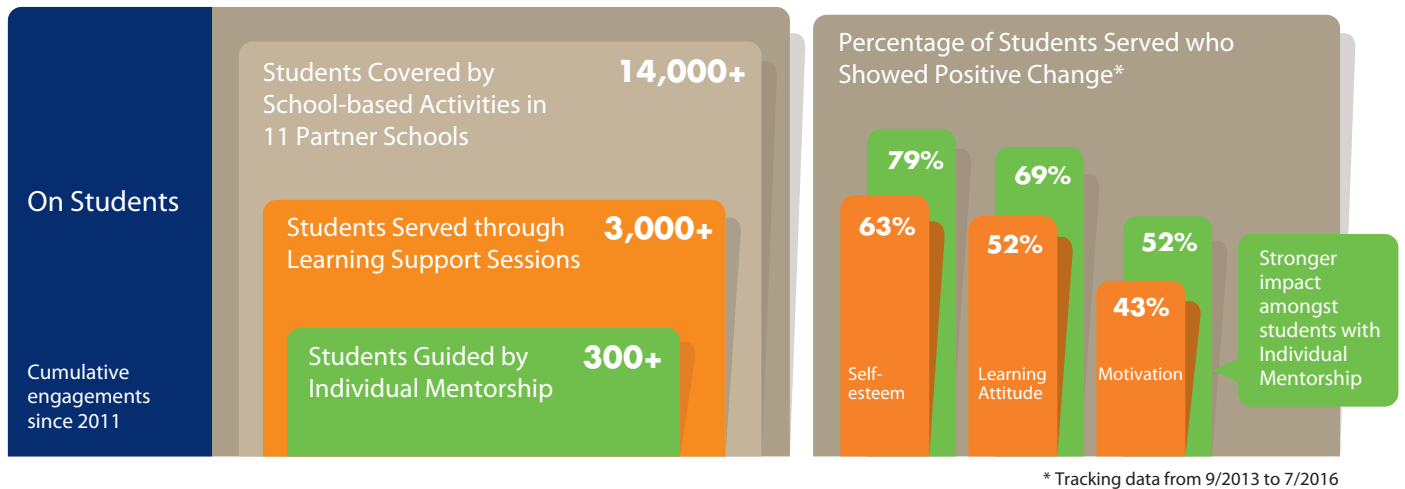

We maintain a proprietary online tracking system to assess the students' performance and measure the change in their self-esteem, learning attitude and motivation.

Integral in our collaboration with Partner Schools is the serious commitment on sustainability. TUF models the way to implement and prove the impact of the program, we then support Partner Schools using their own resources to sustain the program and its proven success factors.

Our Impact

Since 2011, TUF has been bringing positive changes to youths in Hong Kong. As of September 2016, our accumulated impact is as follows:

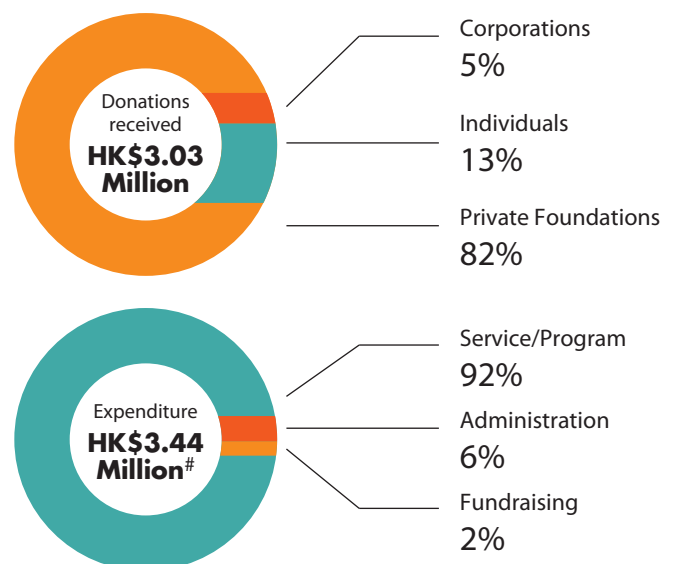

Our Financials

TUF was founded with a seed operating fund donated by its Board of Directors. Additional funding has been sought through continuous fundraising appeals to individuals, corporate donors and private foundations.

For the fiscal year ending 31 July 2016, the income and expenses of TUF was recorded as HK\$3.03 million and HK\$3.44 million respectively.

We strive to keep our administrative expense at a low percentage of our annual budget. Consistently since 2011, over 90% of our funds is being used for direct services.

Source of Funds & Expenses Allocation (August 2015 – July 2016)

Excess expenses were covered by General Operating Fund

Support Us

The work of TUF is about transformation in socially disadvantaged youths to break the vicious cycle of poverty. We have piloted a unique service in Hong Kong, but we need the support from individuals and corporations with shared vision and passion to join us in expanding our service to more youths in need. If you are interested to learn more, to support our work or to make a donation, please contact us directly. You can also visit our website for more information.

We look forward to collaborating with you to ignite the potential in Hong Kong's youth.
