**Region** APAC

**Country** Hong Kong

**City** Hong Kong

**Job Family** International

**Market Job Description** Work for a company that you can grow with.

Wells Fargo & Company (NYSE: WFC) is a diversified, community-based financial services company with \$1.9 trillion in assets. Founded in 1852, Wells Fargo provides banking, insurance, investments, mortgage, and consumer and commercial financial services through various distribution channels around the world. We're headquartered in San Francisco and do business with 70 million customers and one in three US households. Wells Fargo has approximately 268,000 team members in 36 countries and territories across our more than 90 businesses.

Wells Fargo's vision is to satisfy all its customers' financial needs and help them succeed financially. A key focus of that vision is serving the increasing financial needs of financial institutions, non-bank financial institutions and corporates.

In APAC we have 9 representative offices and we cover a diverse range of businesses that includes Global Financial Institutions, Global Banking, Global Payments Services, International Trade Services, Foreign Exchange, Wells Fargo Capital Finance, Wells Fargo Securities and Wealth and Investment Management.

**The Program**

Our Asia Pacific Technology Internship aims to develop talent for future technology roles. The internship will be supported by technology groups based in Hong Kong who manage various technology services and systems in region. The program combines on-the-job experience with learning and development opportunities. Candidates will also get the opportunity to be involved in different projects based on experience and interest.

Our interns should possess a drive for a broad range of technology exposure and willingness to learn via a comprehensive 24 week program.

**Market Skills and The Candidate**

**Certifications**

Wells Fargo is seeking for motivated, self-starters who thrive in a fast paced, global environment.

**Basic Requirements**

- Students in their penultimate year of undergraduate studies from a reputable university.
- Possess a Technical degree in engineering or computer systems related field will be required.
- Prior work experience is advantageous.
- Fluency in English language – both written and spoken.
- Strong analytical and problem solving skills. Self-starter with focus on results.
- Excellent communication and presentation skills with the ability to articulate ideas and strategies clearly, both verbally and in writing, to all levels.
- Team player, and effective while working in a fast paced environment.
- Proficient in Microsoft Office 2007/2010 (Excel, Access, PowerPoint, Word). Knowledge in Microsoft Visio, Project and SharePoint.

**The positions will be based in Hong Kong.**

Selected applicants will be contacted by Wells Fargo HR representatives in Q2 2017 for interview and assessment.
